

Kennedy-Pro - 3/8mm Drive, No.3mm Phillips Screwdriver Bit Sockets - 4 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Specifications	Details
Socket Type	Socket Bit
Brand	Kennedy-Pro
Product Number	KEN5826203GTSK
Size System	Imperial
Drive Type	Square
Socket Size	No.3mm
Overall Length	50mm
Drive Size	3/8mm
Number Of Points	4
Material	Chrome Vanadium Steel
Bit Type	Phillips
Socket Depth	Standard
Bit Length	20mm
Finish/Coating	Chrome Plated
