

### Kennedy-Pro - 3/8mm Drive, 4mm Screwdriver Bit Sockets -6 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

| Specifications   | Details               |
|------------------|-----------------------|
| Overall Length   | 50mm                  |
| Socket Type      | Socket Bit            |
| Socket Size      | 4mm                   |
| Drive Type       | Square                |
| Size System      | Metric                |
| Product Number   | KEN5826010GTSK        |
| Brand            | Kennedy-Pro           |
| Socket Depth     | Standard              |
| Bit Length       | 20mm                  |
| Finish/Coating   | Chrome Plated         |
| Bit Type         | Hexagon               |
| Material         | Chrome Vanadium Steel |
| Drive Size       | 3/8mm                 |
| Number Of Points | 6                     |
