

Kennedy-Pro - 3/8mm Drive, T6mm Screwdriver Bit Sockets - 6 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Specifications	Details
Brand	 Kennedy-Pro
Product Number	KEN5826231GTSK
Drive Size	3/8mm
Size System	TX
Overall Length	50mm
Socket Type	Socket Bit
Socket Size	T6mm
Drive Type	Square
Number Of Points	6
Material	Chrome Vanadium Steel
Bit Type	TX
Finish/Coating	Chrome Plated
Bit Length	20mm
