

**Kennedy 130mm/5.1/4 MICRO PROF LONG NOSE PLIERS**

The dual material grip handle design allows the user to apply the greatest force with the minimum amount of effort. These are manufactured with a polypropylene core for strength and durability with a soft thermoplastic outer for non-slip comfort grip. Made from high quality chrome nickel steel with induction ground cutting edges. Used for delicate, fine and accurate work in a continuous production environment. Spring-Loaded Return - For quick, repetitive work and operator comfort.
