

## Outside Microm. Anvil Extension Collar

900-1000mm

Item number: 105-107

### Description

This Outside Micrometer comes with Extension Anvil Collars.

It offers you the following benefits:

- The collars have a stable and rugged yet lightweight tube construction, and are ideal for large micrometers.
- The 50mm spindle stroke gives you extended range compared to standard spindle types.
- Anvil collars extend the measuring range even further.
- The setting standards supplied cover the whole measuring range.
